

El Woods Business Plan

An immersive sustainable retail
experience

Denver, Colorado

Executive Summary

- Sustainable buy-sell-trade retail storefront, forest-immersed café, and local art gallery
- Immersive, grounding experience raising awareness about deforestation
- Curated sustainable fashion, local artists, and locally sourced baked goods & coffee

Company Description

- Social enterprise built on environmental stewardship and conscious consumerism
- Located in a forest-inspired setting
- Dual mission: Prevent wildfires & combat deforestation
- 10% of proceeds support environmental causes

Problem

- Fast fashion: 10,000 items to landfill every 5 minutes
- Textiles: 20% of global clean water pollution
- Colorado: heavily impacted by catastrophic wildfires
- Big brands = big pollution

Market Overview

- Denver's sustainable market is growing
- Waste No More (2022): mandatory composting & recycling
- Cultural shift toward sustainable fashion
- Denver: 4th highest per capita vintage/secondhand stores in U.S.

Competition

- Sacred Society – wellness center
- Dandy Lion Coffee Co. – whimsical boutique & café
- Recital – designer clothes, plants, books
- Ritual Craft – candles, tea, crystals, plants
- Atomic Salvage – resale store
- Common Threads – sewing classes, designer fashion
- Green Spaces Marketplace – sustainability hub

Unique Selling Proposition

- Immersive, mission-driven space unlike conventional cafés/stores
- Restorative environment fostering emotional connection
- Curated ecosystem: sustainable fashion, local art, baked goods, coffee

Products & Services

- Buy-Sell-Trade: rotating pre-loved/upcycled fashion
- Sustainable Designer & Reseller Showcase
- Local Artist Gallery: art, music & entertainment
- Forest-Immersed Café: coffee & baked goods in natural setting

Operations

- Sourcing: partnerships with local designers, artists, food vendors
- Community Events: workshops, forest walks, music & art shows
- Venue for small performances & gallery space
- Raise awareness about climate change & sustainability

Market Size & Growth

- Buy-sell-trade market growing steadily
- Colorado café & coffee industry valued at \$1.6B (2025)
- Denver cafés adopting sustainable practices (eco-packaging, composting)

Social & Environmental Mission

- Colorado wildfires make deforestation awareness locally relevant
- Brand alignment: wildfire prevention resonates with residents
- Active communication of sustainability mission attracts socially conscious consumers

Conclusion

- Unique immersive retail experience blending sustainability, art, and community
- Strong local demand and market growth
- Mission-driven brand positioned as Denver's hub for conscious consumerism
